

I'M READY TO WORK WITH VANCE

August 29, 2025

YAHWEH IS LEADING:

I'm not saying that Vance is better at governing than Trump would be. But what am I looking for? A few spiritual cracks in a person, a way to enter. But will the new man give Me that placement? What if I said he could be worse? Why look at the mental illness of the current way as a gauge of what would come from the future person when the future way has a way of terror, lacking empathy?

Why is empathy an important trait? Without empathy, a nation's leader would plummet the people's way of living, focused only on what placement takes way in trade. Power must come out of a servant who would say Yahweh's will without hesitation. Yahweh will work with Vance so that the tester nation will stay in a current way and not go fully under.

A lot of vague statements in this message will not make the message a false plan. Rather, I will speak plainly when the hearer yields.

Look at it this way: I'm not ready to strip the nation and take away its government. But surely look at how Trump operates. I spoke and said I hardened him. That is a true way. I will not turn him. He has chosen his master. But what about Vance? He's not fully under. I can still grip him.

As a note of remembrance, I want you to say this: you may be returning to Virginia this November for a funeral. Keep your schedule available. Now, let's continue.

YAHWEH CONTINUES:

Look at it, servant, how both political sides state only what makes them look good. They hide the full way of white-on-white crimes. They put the blame on a racial group that did not participate in the killing of a man who is looked upon as a martyr. Look at how many true Christians die for Yahweh. Look at how other nations kill Christians, making them stay in hideouts. Look at what Yahweh says. When someone hates others based on race and would say a racial group must be moved to serve another race and submit under them as if there is a separation based on race, there is no true Christian standing before your way.

Let Me make a point very clear: Heaven will not have a White church, a Black church, an Asian church, or other segregated placings. There will not be a political party given a platform in Heaven. No Trump worshipper places Yahweh in first place. If you view your nation as a saving place, you are not synced with Yahweh. Only Yahweh's kingdom offers a way of deliverance. Run and make whatever group your scapegoat, but know, whoever reads Yahweh's will, that Yahweh looks at a person's heart, and I weigh your way based on your standing with Yahweh.

I choose to work with Vance, not to give him what he wants, but to show him My plan and how I want to prepare the world. I am ready.
