

"I HARDENED HIM" —YAHWEH

June 25, 2025

4:34 p.m.

YAHWEH SAYS IT:

I hardened him, servant. I want to bring a very real, tangible process out into the open, geared to make people wonder this: "Could there be a real God who is trying to get my attention?"

But Yahweh does not play any games. Yahweh gives the people a way to turn from their wicked ways and live a way of holiness in Yahweh.

But why would Yahweh harden a heart, as was done with Pharaoh during the Exodus? To punish the lowercase gods of a nation would be an accurate seeing. I look at the people, and I look at who keeps the people under bondage. I look at how the nation serves its enemies and friends and how a nation treats a stranger. I look at how idols cover the area, and I see how there is no room to make Yahweh the One True God. So, My way of addressing the lowercase gods of the United States is to harden the heart of the leader and bring on major breakings that will look as nature (or natural events) but will truly be Yahweh's way of causing it to be this way.

I could have you include certain words, catchphrases, or gimmicks to draw people's attention to what Yahweh says, but there would be no reward for creating grand YouTube thumbnails to make them stop and take a look. I could send millions of viewers to take a look at the work, but would having many viewers make the work legitimate? No! It is Yahweh who makes the message a true message, and Yahweh does not need a great crowd to push His will.

I spoke with prophets of old in destitute, lonely places, separated and killed for My great name. Most did not have a great following, and their words were found by diggers many years later. Even with My word hidden away, the lack of humans lifting it up didn't keep it from coming to the surface of living. Yahweh is self-standing, in need of no human to give the word of the LORD a way to stand.

Hear the word of the LORD! Yahweh hardened Trump's heart to bring a catalytic placing to make the tester nation of the United States bend to Yahweh. No Christian faith office will say Yahweh's words due to not having a real prophet in their office in Washington. Pay attention. For this is the way. Pray to Yahweh, and I will come and deal with your way. Renounce your sinful covenants and take a stand with Yahweh. Seek Yahweh. Petition Him.
