

SEEING NOTHING

Here is Yahweh's note.

YAHWEH IS SAYING IT:

An unstable man would say, "Let's go this way. Let's go that way. I think Yahweh says this, or maybe He is saying that plan."

What is it, Troy? Which way is Yahweh swaying in your speaking? Can Yahweh be so undecided about how He views a person? I see here how you weigh Trump as a "father figure" when there could have been many other examples who would bring lesser triggers of pain to others. You view Trump in this way as a "father figure" because he says something and does it. Would a way of painful dealings be removed from a person's mental health based on hearing a wicked leader say, "Fight, fight, fight"? Would Hitler be viewed as a "father figure" based on his plan to take over others' ways of living?

What a warped understanding of a father's love. You are in a strong, blinding delusion for you to think that Yahweh would push any traits of His way of living through a lawless man who shows disdain for how to respect governing levels under his outlets. You see no words from Yahweh, and you lead these people into greater hurts by trusting in a person Yahweh did not call forward. I did not call him into office, and Trump is not chosen, nor is he a David-like scriptural presentation.

You are using the algorithms to deliver your false words to the multitudes. You do not hear Me. The gift of prophecy isn't properly displayed in your work, but you yield a presentation as if in the office of a true prophet.

They quote, "Pray on it. Put it on the fake thought shelf. See if Yahweh says this is real." What if the way you say what you think I say comes with a way to think that it may or may not be? What if you present your words as "Well, I don't want to say wrong things, but it might be this way"? Is Yahweh indecisive? Shouldn't Yahweh know?

You definitely use scoffing in the words that you share. Your demeanor attempts to show humble ways, yet you fill the air with "What about this way?" instead of saying what Yahweh's Word says.

I did not call you to walk as a prophet. Do not share these words I did not say with "the Lord says" included.

Woe. Woe. Woe.

A real world-level prophet is being presented, and there will be no sugarcoating how Yahweh deals with her and this work.

You will be weighed, and Yahweh will visit you, Troy.
